In the rhythm of exceptional design

BRAZILIAN QUARTZITE

Vivacious, but full of class. De nada!

Do you hear that energetic music? Do you feel how the air vibrates, pulsates and resonates? Warm sand under your feet, a blue sheet of water on the horizon, and a singular thought in your mind: how to hold on to this aura for just a little bit longer, hold it in the palm of your hand and take it with you wherever you go, so this exotic feeling can delight you with its rhythm and contrast on a daily basis.

You're already aware that parting with the azure ocean, golden beach and the deep, dark, rocky outcrops will be of great difficulty. But do you really have to part with it all?

Perfection epitomized in marble

MARMO THASSOS

Thassos - Indisputable wonderment and awe. Parakalo!

A light breeze, clear blue skies and a sea the color of which is indescribable. The time here flows slower, everything tastes finer, and the mind saturated with the fresh air absorbs the Mediterranean climate and detects that, which at the first glance is inconspicuous. Magic encapsulated in the tiniest of details.

Beauty full of contrasts

MODERN CONCRETE

With class, but modern. Minimalistic, but impressive. There you go!

It allures with the bustle of eclectic streets, flirts, permeating the sounds of nightlife through the air, distanced by the cold, concrete grayness one minute, only to a moment later, amaze with the blinding glow of neon lights or to calm the senses with the greenery emerging from between the buildings.

New York – the Big Apple – a city with tastes that differ according to palate.

SOFTCEMENT

Fans of minimalistic interiors will greatly enjoy the structure of concrete that inspired the Softcement tile collection. An interesting structure along with patchwork accents, is a mix of several interior design trends, that create an impressive and consistent composition in the collection. The imitation of concrete in three shades of grey, combined with very attractive decor and tiles with 3D-print structure, adds a new and interesting character to any room. The Softcement collection is recommended to customers that would like to capture the energy and harmony of subtle and consistent interiors.
